

# The Weekly Buzz

## My Senses Pt. 2

This week our bees enjoyed exploring 7 sensory systems that fuel their participation in activities. They made lemonade, participated in fine motor water play, played basketball, and painted with sweet smelling tea bags! They also enjoyed sharing their favorite sensory items from home in show and share. We also worked on sequencing the letters of our name after finding them in some "alphabet soup". This is something to continue doing at home with all the bees!

So much fun exploring our senses

## Thanksgiving

This week will be all about Thanksgiving! We will:

- Play a roll and build turkey game
- Leggo corn painting
- Play shake your tail feather movement based game
- Turkey baster relay
- Feather letter turkey (first names)
- Making turkeys with leaves from a trip to the park on Friday.

Show and Share will be next Tuesday along with a "Friendsgiving" feast. Please send your kiddo in with his favorite snack to share in the feast. Also no group Wed-Friday next week for the holiday!
